

Main Seven Indian Sages

According to The Hindu mythology and cosmology, Brahma created the Saptarishi, the seven sages, to support him in the complex process of creation and to preserve the knowledge of the universe.

The seven sages had the following tasks:

Assistance in Creation:

- Brahma was the primary creator and he needed assistance in the complex process of creating and populating the universe.
- The Saptarishi were helpful in generating various species, and guiding human civilization.
- They were ensuring the spread of Dharma (cosmic law) and knowledge

Spreading and preservation of Veda (Vedic knowledge):

- The Saptarishi were the Rishis who received the Vedic hymns and knowledge through divine inspiration. They composed and compiled these hymns and knowledge.
- The Saptarishi were passing these Vedic hymns and knowledge orally from generation to generation.
- They were responsible for sharing, spreading, and preserving the Vedas, including the rituals, mantras, spiritual and the sacred hymns which are essential to maintain the cosmic balance.

Establishment and maintain the Dharma:

- They were ensuring the cosmic order established, and maintained in universe.
- The Saptarishi played a very important role in bringing or set the ethical and moral guidelines for humanity and other beings to live in harmony.

Spiritual Guidance:

- They were providing the spiritual guidance to humanity for their well-being and evolution.
- The Saptarishi with their great wisdom and spiritual expertise were able to fulfill this role.

Guidance to Kings and Society:

- The Saptarishi played an important role as advisors to kings, rulers and society to help them to govern the society and uphold on the Dharma.

- Their knowledge and guidance was very crucial in maintaining the society order. They were ensuring that kings and rulers follow the moral and righteous principles.

Performers Yajnas (Sacrificial Rituals):

- The Saptrishis performed various Yajnas, these were essential rituals for pleasing the gods, maintaining cosmic balance, and ensuring prosperity.
- These rituals were a central aspect of Vedic culture.

Mediators between Gods and Humans:

- The Saptarishi were acting as intermediaries between the gods and humans, passing divine messages and ensuring that humans follow divine laws.
- They shared many different techniques of meditation which helped to maintain harmony between the divine and worldly realms.

Examples of Ideal conduct:

- The lives and actions of the Saptarishi served as ideal models of ideal conduct, spirituality and devotion.
- They have demonstrated to people how to live in accordance with Dharma and attain spiritual enlightenment.

How the Saptarishi came?

Brahma's Tapas and meditation:

Brahma started a deep meditation to understand the process of creation.

First, he created the four kumaras from his mind. These four kumaras are Sanaka, Sanandana, Sanatana, and Sanatkumara. These four kumaras are celibate and eternal sages who choose to remain in the state of perpetual childhood and dedicated to continue to pursue the spiritual knowledge and did not want to tangle in the material world.

Brahma felt the need of more beings in the creation and cosmic activities.

Brahma started to meditate again and from different parts of his body, the seven great sages (the Saptarishi) are born.

1. Sage Marichi emerged from Brahma's mind.
2. Sage Atri emerged from Brahma's eyes.
3. Sage Angiras emerged from Brahma's mouth.
4. Sage Pulastya emerged from Brahma's ears.

5. Sage Pulaha emerged from Brahma's navel.
6. Sage Kratu emerged from Brahma's hand.
7. Sage Vashishtha emerged from Brahma's breath.

In some other versions of the myth, Brahma created the Saptarishi from different aspects of his mind, they were born from his thoughts rather than specific body parts.
